- Miscellaneous: 5-1/4" Embroidery Hoop

## Instructions:

- Separate the two hoop pieces. Add Multipurpose Liquid Glue to the top of the inside ring on one outside edge. Place facedown onto the designer paper pattern of your choice and press to glue. Allow to dry. Once dry, use Paper Snips to cut the designer paper around the edges of the ring. Re-assemble the two hoop pieces together.

- Create a banner with Crumb Cake Cardstock that measures 6" x 1". Trim the left end into a banner shape with Paper Snips. Stamp the sentiment from the Heartfelt Wishes stamp set using Crumb Cake Ink. Add a stack of (5) Stampin' Dimensionals stacked together under the center of the banner. Glue to the hoop about 1-3/4" from the bottom. Trim the right end even with the hoop.
- Using the Artistic Dies (large leaf die) and Mint Macaron Cardstock, cut (2). Glue to the top side of both hoops on the right overlapping them.
- Create a triple bow using the Flowers For Every Season Ribbon Combo Pack. Cut the ends into an angle. Glue over the leaves using Mini Glue Dots. Create a single bow with the ribbon and glue to the top of the hoop with Mini Glue Dots.
- Cut (4) branches using the Intricate Leaves Dies and Crumb Cake Cardstock. Glue over the leaves and tucked under the bow.
- Create assorted diecut leaves with the Intricate Leaves Dies using Blackberry Bliss, Bumblebee, Mint Macaron and Calypso Coral Cardstocks. Set aside.
- Create assorted stamped leaves with the Gorgeous Leaves stamp set using Blackberry Bliss, Bumblebee, Mint Macaron and Calypso Coral Inks. Stamp some twice without reinking for a lighter color.
- Glue both sets of leaves along the ring in clusters over the leaves and tucked under the ribbon. I also glued some inside the hoop on the edge directly on the designer paper.
- Add Bumblee Trinkets to the sentiment and a few to the leaves.
