Take a White Gable Box and push out to find where the edges are

Cut a piece of DSP in the character of your choice to measure $4 \frac{3}{4}$ " x $3 \frac{3}{4}$ "

Use the White Gable Box lid as a template to cut your diagonal lines - trim - adjust as required to fit your box

Use tape or glue to adhere to the front of your box - then fold along all score lines and assemble - decorate as liked!

This is how I decorated – all items that I used are listed in the supply list at the top of this Project Sheet:
