INSTRUCTIONS:

6 x 12 Piece of DSP. If you choose the same as I used you will want to score upside down to get the moon on the front panel.

Short along the top (note where the bottom of the trees are located), score at $1 \frac{1}{2}$

Long along the top score at $\frac{1}{2}$ - $2 \frac{1}{2}$ - $6 \frac{1}{4}$ - $8 \frac{1}{4}$.

Cut the bottoms from the end of the paper up to the $1 \frac{1}{2}$ score (small sections). you can cut off the little $\frac{1}{2}$ piece.

Fold over, add glue/tear n tape to the $\frac{1}{2}$ section and fold over the second side. This will help square up your bag.

Close the bottom of your bag with glue/tear n tape. I usually add to only the long sections.

Pinch the sides to close.

Cut the larger label from Web of fun in Gray Granite.

Cut the smaller label from Pumpkin Pie.

Cut the Spider from Basic Black.

Cut the spider web from Silver Foil.

Use a Dauber and Craft White to lighten up the spider face.

Attach the Web to the Gray Granite label using glue in the web center. Decide where your hole needs to be, **note**, I have it going through the web. Double up your Gray Twine and run through the hole.

Tie a knot, add in your Crisp Cantaloupe and Basic Black ribbon.

(You can color your Cantaloupe ribbon with Pumpkin Pie Stampin' Blends if you desire).

Tie a second knot. And pull through to close a loop through the top section of twine.

Secure spider with a mini glue dot.

Stamp your sentiment with Basic Gray on the Pumpkin Pie label.

Secure that under the ribbon bundle with mini dimensionals

Add your Candy to the inside. Clip on your Web Tag.

Hugs and Have a Great Day getting Crafty!!
